The finished lower level includes a large family room, office, and bonus room currently used as a bedroom, abundant storage, radiant in-floor heat, and access from both inside the home and directly through the attached garage.

In addition to the attached 2-car garage, the property features a 24' x 36' detached garage/workshop with a gas furnace, lavatory, and utility sink. Both garages are set up for heat, making them ideal for year-round projects, hobbies, or storage.
